THE COMSTOCK  
PASSES AWAY**The death of one of Virginia's  
well-known citizens occurred last  
evening when Frederick T. Short,  
familiarly known as "Tom," to all  
his friends, passed away at his  
home on the corner of C and Mill  
streets, after a long illness. He  
had been in poor health for sev-  
eral years, and for the past few  
months had gradually failed, al-  
though up and around most of the  
time. He had been a resident of  
the Comstock for many years and  
had a wide circle of friends. Mr.  
Short was a miner for a long pe-  
riod, but later engaged in business  
until poor health caused him to re-  
tire. He was a native of San  
Francisco, aged 55 years, and is  
survived by a widow, three sons,  
Fred, Clarence and George, and  
four daughters, Mrs. Melville Lamb,  
Mrs. John McBain, Blanche and  
Myrtle Short. The funeral will  
take place tomorrow afternoon, ser-  
vices being conducted by the Eagles  
at their hall at 2:30 o'clock, after  
which the body will be taken to the  
railroad station for shipment to  
Oakland, where interment will take  
place.—Virginia Chronicle.**A PETITION IS CIRCULATED.**A petition is being circulated ask-  
ing Congressman Roberts to assist  
in passing a law making the break-  
ing in of freight cars, baggage or  
express a federal offense.The present law is regarded as  
insufficient, as it is hard to gain  
jurisdiction. The new law would  
fasten the crime on the offender  
at any point where caught and the  
trial would follow at such a point.  
In other words, it would take the  
case out of the hands of the state  
or county authorities and bring  
them before the federal judges.As the bill included Fargo, and  
as Fargo keeps an armed crew for  
its protection, it would seem that  
it was stretching a point. It is  
probable on this account that the  
bill has met such opposition that  
petitions are being circulated.  
From experience of the past it  
would appear that the people need  
protection from the express com-  
panies instead of the people pro-  
tecting the carriers.—Carson City  
Appeal.**THE DRINK HABIT!**You should not drink; but if you

DREAMS ARE MADE  
OF" AT THE BUTLER**Go to the Butler theater tonight  
and see projected the most interest-  
ing and mirth provoking picture  
shown this season. "The Stuff  
Dreams Are Made Of," Edison com-  
edy picture.This burlesque melodrama  
through which the hero, heroine,  
the villain and villainess go  
through the most awful adver-  
sities. Those who remember "Why  
Girls Leave Home" will find in this  
one even a bigger treat."A Red Cross Martyr," or "On  
the Firing Lines of Tripoli." In  
this story a beautiful Italian girl  
becomes a Red Cross nurse. Her  
lover is a lieutenant in the Italian  
army on the firing line of Tripoli.  
She is killed at her post of duty  
and he is engaged in a combat  
with the Turks, and finds her dead  
body. He at once proceeds to bom-  
bard the town from an aeroplane  
and is disabled and he is dashed  
to death. They are both buried  
with military honors.The Priny Sisters will be heard  
in an entire change of songs and  
races. By request they will repeat  
the "Texas Tommy" dance tomor-  
row, introducing new songs.**TOMMY WALSH  
WAS RUN OUT OF  
SEVEN TROUGHS**Quite a little excitement was  
raised in town this week, by the  
arrival of Thomas Walsh from the  
Seven Troughs district, who claimed  
that he had been run out of the  
camp by the miners there. Ac-  
cording to his story, his life had  
been threatened, and he was warn-  
ed that he would be given two  
hours to make his get-away. He  
was compelled to walk all the dis-  
tance to town, he says, because  
automobile and stage drivers had  
been warned not to pick him up  
on the way.From the last information ob-  
tained it appears that there is no  
truth in the story told by Walsh  
and the authorities have taken no  
action in the matter.The Tribune got in communica-  
tion with Harry Lines of the Ma-  
xuma hotel and Mr. Lines declared  
that Walsh had been recognized as  
a Cripple Creek scab, and became  
frightened, leaving the town abso-  
lutely of his own will. Walsh had  
been sent out to the district by  
Joseph Hill to do some assessment  
work.In speaking of the matter, Justice  
of the Peace Young said: "There  
is no truth in his story. Somefellows hawled him out as a scab  
at Cripple Creek. He got scared  
of the cars and run out. No one  
will be run out of this district  
if I have any say, and I guess  
I have."After drawing his pay from Mr.  
Hill, Walsh departed for the east  
Tuesday, but declared he would re-  
turn and demand that the matter  
be sifted to the bottom. In the  
face of the facts, he has no "holer  
coming," so t-a-t-a, Tommy.—Love-  
lock Tribune.**TOWN OF EUREKA  
IS TAKING A NEW  
LEASE ON LIFE**According to the Eureka Sen-  
tinel that old town is taking on  
new life in anticipation of the re-  
building of the Eureka & Palisade  
railroad. Numerous sales of real  
estate are reported as well as many  
new businesses being started up.Good progress on the reconstruc-  
tion work is reported during the re-  
cent mild weather though the con-  
tractors are not making any state-  
ments as to when the work will be  
finished to any particular point on  
the road. On account of the re-  
quirements of the state railroad  
commission it will be impossible  
for the contractors to operate a  
passenger or mail service over the  
completed portions of the road, as  
the work progresses, as complete  
trains would have to be filed and  
the road operated according to the  
regulations of the commission.**FINE SPECIMEN OF  
NATIVE COPPER ORE**One of the handsomest speci-  
mens of native copper, and prob-  
ably the largest of its kind ever  
taken out of a western copper mine,  
was recently discovered in the Ne-  
vada Douglas company's Ludwig  
property in Yerington, Nev., and  
is today attracting a great deal of  
attention on its quiet little pedestal  
in the center of the spacious ro-  
tunda of the National Copper bank  
of this city, says the Salt Lake  
Herald.The specimen, although almost  
pure copper, weighs 240 pounds.  
Its polished noble surfaces, with  
an intricate joining of the red  
lobes by beautiful crystals, some of  
great size and beauty, show with  
remarkable perspicuity the won-  
derful working out of the affinity  
law in ore deposition. This beau-  
tiful specimen came from the 600-  
foot level. It was discovered in  
the great ore channel which has  
been prospected 700 feet along its  
strike, showing an average width  
of 60 feet of 5 per cent copper  
ore.**Commercial Job Printing****One of the Largest and Most Completely Equipped Plants
